

processor/base_lib
/base_lib.h

```
graph TD; A["processor/base_lib  
/base_lib.h"] --> B["stdio.h"]; A --> C["assert.h"];
```

The diagram illustrates a header file hierarchy. At the top is a gray box containing the text "processor/base_lib" and "/base_lib.h". Two blue arrows point downwards from the bottom of this box to two separate white boxes below. The left white box contains "stdio.h" and the right white box contains "assert.h".

stdio.h

assert.h
